

# Sign up for our Toddler Programs!

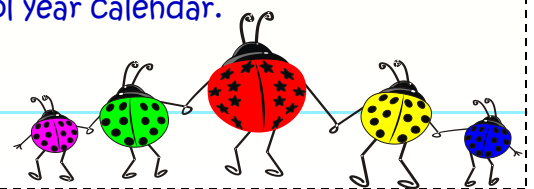

Forget the Terrible Twos. Two can be truly terrific! Good Shepherd Lutheran School's Together with Toddler program offers a unique opportunity to share unforgettable bonding moments--as well as key learning skills--with your child.

A step up from a traditional Mommy & Me, this program emphasizes a more academic approach through creative play. Your two-year-old will be introduced to colors and shapes, experiment with textures, listen avidly to books, participate in crafts and activities, compare and contrast different sounds, and much more, all while by your side. Best of all, the routine of a classroom setting - interacting with other children, sitting quietly for a book, taking turns at a game - will better prepare your child for nursery school, to make the transition a much easier one.

Experience all the wonder of this magical age...and watch as your child learns important skills right before your eyes. Since Together With Toddler is part of Good Shepherd Lutheran Preschool, you will also be invited to participate in special school events including scarecrow making, pumpkin picking, visits with Santa Claus, holiday parties, a Valentine's Day Dance, Mother's Day Teas, and much more.

Additionally, our Toddler Separation program has completed a hugely successful first year. The curriculum and activities are similar to Together With Toddler; the difference is that this class is designed for children who are ready to be apart from their parent or caregiver for two hours, twice a week.

Our teacher and assistants are fully qualified and experienced with educational expertise and the love and care that is needed for this early school experience. Both programs begin in September and continue through mid-June, following the school year calendar.

# Together With Toddler
